Products made by "ME" for "YOU" ...Naturally!

Everyone has a story and their story reveals their passion. This is my story and my passion.

My husband, Dr. Gregg Brady and I have been in the Natural Health Care field for over 25 year's.

Dr. Gregg is a Dr. of Chiropractic, I am a Nutritionist/Herbalist and Colon Hydrotherapist, Natural Health Care Professional, assisting in diverse modalities of therapy to help the body exist in homeostasis. (Basically helping the body's internal system remain stable and balanced, efficient in the way you were created. We have worked side by side in our Natural Health Care Office, helping many overcome their infirmities.

We have now expanded our business to add some wonderful new "Natural Products" to enhance your life and protect you from the effects of harmful chemicals. Our products simply give you a sense of well-being and security knowing your family is using environmentally and physically "safe" products.

Our Products have no "chemical" preservatives, therefore their shelf life is limited. Use before they deteriorate in quality.

ALWAYS REMEMBER TO DO A SKIN TEST BEFORE USING ON YOUR BODY. WHEN USING OUR SOAKING PRODUCTS, ALWAYS CLEAN YOUR TUB BEFORE IMMERSING THE BODY.

Toxins and debris will infiltrate your body. Your skin is like a sponge.

PRODUCT MENU

~Natures Wonder Soap- A soft soap designed to make your skin silky and smooth; a 'Sensual' lather, soaking the cares of the world away!

~ 'Sir Gin'ja'lotion - Enhances blood flow and softens skin. Throw a pint bottle of Apple Cider vinegar into the mix and you are in for an exhilarating detox bath. Refreshingly delicious - for your skin.

~That's Better Deodorant - A creamy deodorant that leaves you feeling fresh and clean. All natural ingredients that will not harm you.
